

Dear Families,

Thank you for supporting Red Nose day- we collected £283.87

We are all sincerely hoping that this windy weather will soon blow over. It is well known amongst school staff that windy weather makes children as high as kites!

There is a high winds warning out for Saturday – hopeful that will be the last of it.

Parent Governor Focus group

We had a lively conversation at both sessions. Thank you to all who came along.

We discussed our work so far about helping boys and girls to see each other as equals.

I will give more detailed feedback once Governors and I have gathered our thoughts and notes.

I have picked up some concerns about proposed Government guidance about relationships and sex education. This is at an early stage and won't be taught in schools until September 2020.

For our young children this will focus on families and relationships only. The content for us includes:

- families and people who care for me
- caring friendships
- respectful relationships
- online safety
- being safe

It will not be very different from what we already cover in school.

When we know more detail about the content we will share this with you.

This is unlikely to be before summer 2020!

Due to our lively discussion we did not manage to discuss traffic and parking around school. If you wish to join this conversation we will hold a further meeting on Friday 29th March at 9am.

Cycling to school (Parents)

I have noticed a growing number of bikes and trailers parked at the back of school behind the Nursery area.

This is not an authorised/ designated area and I am concerned about the safety and security of the bikes.

Chestnuts are reminding parents to fold buggies in the store area which should provide some space for storage.

I regret we do not currently have the facilities to store parents' bikes on site.

Thank you Sarah & Staff
