

Dear Families,

On Friday 29<sup>th</sup> we invite you to join us in a non-uniform day- wear green, brown or orange OR dress as a woodland animal. For every £1 collected we will donate to Just One Tree.

As Year 1 are learning about woodlands at the moment they will be planting and dressing trees with promises.

## Ofsted

As you know we had our 2 day Inspection this week. Thank you to parents who spoke to the Inspector or completed the online survey. Your feedback was overwhelmingly positive.

I cannot reveal too much but will say that the Inspector saw what we are, liked what she saw and gave us very positive feedback.

The report will be published after 25 working days, which due to the Christmas break, may mean January.

Staff work hard every day but to do so with the pressure of an Inspection adds to the load. We are an amazing team... "shoulder to shoulder". Please join me in thanking them and wishing them a well earned rest this weekend.

## PTA Events REMINDER

We are now selling raffle tickets for our Winter fundraiser, winners will be drawn at the big Winter Fete on Saturday 14<sup>th</sup> Dec. We've gone digital to make it easier to buy tickets, please support and share with friends and family – there are so many great prizes up for grabs including a Nintendo Switch, vouchers and classes at Space East!

<https://raffall.com/8489/enter-raffle-to-win-a-number-of-fabulous-prizes-hosted-by-zara-peters>

We are looking for volunteers to help out at the Winter Fete – jobs include helping to set up/pack away or running one of the stalls on the day.

Please do let us know if you can help [woodgrangepta@googlemail.com](mailto:woodgrangepta@googlemail.com)

And finally, we are looking for donations of toys, teddies and homemade items to sell on the day – any donations greatly received and we have donation crates in reception.

## Health Update

We seem to be having regular conversations about head lice/ nits.

PLEASE PLEASE check hair regularly and recheck after treatment as it isn't always 100% effective.

We recommend tying hair back and keeping fringes shorter as heads together is how they move from head to head- they do not jump or fly but crawl slowly.
