

Dear Families,

We need your help!

Next term Year 1 children will be reading a book which challenges some thinking about what boys and girls can do or can play with. In their History learning they will find out about The Suffragettes and how they campaigned to win the vote for women.

As part of this we would like to give the children an understanding that anyone can do any job... SO if you are in a job that possibly challenges traditional ideas and could spare some time to share this with the children we would love to hear from you... If this sounds like you please talk to one of the Year 1 teachers so we can arrange some time.

I am hoping that a councillor and possibly the local MP might also be popping in!

This term children in Year 2 have been fascinated by some old historical items we shared with them- Victorian wash boards and irons etc. They had some amazing ideas about what they might be used for. If you have anything of this nature lurking about at home we would be very happy to take it off you! Even things like CD players/ walkmans etc are historical objects to the children... We would like to challenge their thinking and help them understand what life was like in the past.
